Drs. Sampson Davis, Rameck Hunt and George Jenkins, fondly known as The Three Doctors serve as an extraordinary model of leadership for anyone who's been through any kind of life challenge or major hardship.

As teenage boys growing up on the tough inner-city streets of Newark, New Jersey these three kindred spirits made a pact: they would stick together-go to college-graduate-and become doctors. Surrounded by negative influences and having few positive role models, made this a not so easy feat. Now several years later, these three men have overcome countless obstacles and proudly bear the subtitle of doctor and serve as the face of health and education for youth and families across the country.

Doctors George Jenkins, Rameck Hunt and Sampson Davis deliver a well-needed and urgent message of hope and inspiration everywhere they go. Their key messages-Never underestimate the power of self-reliance and inner strength-Attach a timeline & devise a strategy for achieving your goals-and finally-Surround yourself with like-minded people who are in line with your aspirations.
