8th GRADE TRANSFER OPTION REQUESTS FOR HIGH SCHOOL OF CHOICE

Eighth grade students will be registering for high school during the month of
January. Central HS will visit Sudlow on Jan. 19th and North HS will be here on Jan.
26th to register students for their freshman year.

The Davenport Community School District will allow students to attend the high
school of their choice. However, a transfer option form must be filled out and
returned for approval, prior to being allowed to attend a school outside of resident
attendance boundaries. Any Sudlow student who plans on attending a school that
will require transfer option approval is encouraged to complete the form as soon as
possible. Forms are available in the Guidance Office. We encourage Sudlow
students to return the form to our building and we will forward it to the
Administrative Service Center.

Tracy Sandon & Joan Meeks - 6th Grade Language Arts/Reading

Parents, the new nine weeks has started. Hopefully, everyone had a wonderful winter break! Between now and March 11th, five book reports will be due by each student. Reading logs will be due January 13th and every Wednesday after the 13th. We will be starting our next benchmark paper it is a fictional narrative. This will include some dialogue. I will be introducing this next week.

Mrs. Houston – Science

Students were given a letter, on Monday, which showed how to access their science textbook online. Each student has their own username and password that lets them view the textbook online from any computer with internet access. This can be helpful with completing missing work, finishing an assignment if they are absent, or studying for a test. Please remind your child of this resource if they forget. =) Also, we started our Geology unit this week and will have a test next Friday over p. 66-74 and 76-79. Students should have two review sheets to study from and they can use them on the test.

Mrs. D-J's - Science

Students are presently using and reviewing the microscope in preparation for our next unit on micro-life. Students will have a **quiz** over the parts of the microscope and its use on **Monday, January 11th**. Students completed a study sheet on Wednesday to take home and study.

A Note from Mrs. Goddard:

Due to schedule changes, I have many new students on my roster. I have decided to change the due dates on the remaining book projects for 8th grade language arts and English studies in order to give these students a chance to familiarize themselves with the book project format, and read a novel of 100 pages or more.

The new due dates for the note card book reports are as follows:

Friday, January 15th, 2010

Friday, February 19th, 2010

Friday, March 26th, 2010

The Scott County Health Department will have a team of nurses at Sudlow with H1N1

Vaccinations on **Tuesday January 12, 2010**. Health consent forms and Vaccine Information Statements were mailed to parents (by the Scott County Health Department) on December 30, 2009.

Students who have returned completed consent forms with parental signatures will receive vaccination. We are hoping to have a favorable response. When a child contracts the flu, it is frequently a 5-10 day absence. We are hoping this proactive step will keep our students in school.

FLU SHOTS Tuesday January 12, 2009
