WAY TO GO TIGERS!!!

State National History Day, held Monday 5/3 in Des Moines....

The level at the State level helped these kids to learn so much from just attending. Be sure to congratulate the following:

- * 7th Grader, Nick DeBlois-He did extremely well during the judging process in fielding questions about the first computer and presented his documentary in a professional manner.
- * 7th Grader, Julia Nichols- She did a great performance on the progression of the American flag.
- * 7th Grader, Pablo Haake- Pablo's historical paper on the way Abe Lincoln's speeches left an impact in history earned Pablo the title of alternate (3rd place at state) for the National competition. He also won the Hoover Library Award for outstanding research on a presidential figure.
- *7th Graders Elexis Teague and Melissa Paulsen- These girls were in a very tough competition of the "best website."
- *8th Grader Danielle Baresel- Danielle was a finalist for the National competition, placing within the top 6 in the state in her division. She did win a prize with the Junior Literacy Award due to her research on an author.

Note From The 8th Grade:

The Future's Fair for Hall's Honor's English class will be held on Wednesday, May 12th in the cafeteria. It will begin at 2:45 and end around 4:00.

This event allows the Honor's English students to showcase their abilities by coming up with a product that they create or innovate that could possibly be used in the future. They spend weeks doing work for it starting with the language of advertising and ending with the creation of a product. Please join us for a fantastic time!!!!

Note From The 6th Grade:

Science – Mrs. Houston

We are about halfway through our Weather Unit and the students just began working on their Cloud Powerpoint Presentations. The Powerpoints are due on May 14th. Students were given a direction sheet on April 28th. Students may need to come in before school (8:20 with a pass to the computer lab) or stay after school on Wednesdays for Power Hour from 2:40-3:30 (no pass needed).

Language Arts and Reading - Tracy Sandon, Joan Meeks and Eric Ewald

We will begin our last writing benchmark paper on May 10th. This is a research paper dealing with weather. The students will be studying weather in science so we are incorporating their knowledge and interest into this benchmark paper.

Please, ask your young person about this paper sometime next week.

Reading Logs are still due with a parent signature every Wednesday.

Those students who have read 25 books will be going to the River Bandit's Baseball Game on May 24th.

Music Notes:
